

Hello Crosswinds Marina Owners,

It's hard to believe that the first day of spring is already here. With the mild winter, the boating season could be underway in less than 40 days. As the boating season approaches we would like to remind all Crosswinds Marina Owners of the following items:

- * Please have your insurance company mail or fax (231 843 2553) a current proof of insurance for your boat to Gary Rogers, our manager. All boats are to have this document on file prior to launch. This includes any boats in leased slips
- * Parking of trailers in the Crosswinds Marina lot is limited to one spot per slip. This is due to the limited number of appropriate trailer spots. Trailers must be marked with the slip number on the tongue or the trailer will be removed.
- * The marina has established 10:30 PM as quiet time in the marina. Many of our boaters retire early to go fishing or for other reasons. Please be respectful and courteous of this regulation.
- * There are vacant positions on the Marina Board, if you are interested in serving, please talk to a board member.
- * We have a web site which you can go to for information or questions. The web site is: www.crosswindsmarinami.com If you do not have your login information send an email to bobmitchell@ymail.com and Bob will help you. Please login and check your current contact information and update it or add to it as necessary.

Is your SLIP FOR SALE or LEASE?

- If your slip is for sale or lease please let Gary Rogers, our marina manager know and some details including best contact information. While the marina will not handle the sale or leasing of your slip for you, we can assist you in getting the information out there and to interested parties when they call or stop in.
- As a slip owner who leases their slip, it is your responsibility to make the person leasing familiar with our rules and regulations, this includes having a meeting with the manager or a member of the board prior to them putting their boat in the slip.
- If you are leasing your slip this year, make sure the boat owner has a copy of their insurance in the office, a copy of the Marina rules, and your keys to the bath house and dumpster.

Several improvements and renovations have been completed or are currently underway;

- New walkway lights and stanchions
- Updated Fish Cleaning Station, including new tables and sprayers
- Several Concrete repairs
- Permits and Contracting of weed treatment for the marina basin.

As your Board, we will do whatever possible to continue to improve and create an atmosphere so everyone can enjoy the marina experience. This being said, we are looking at other ideas to enhance the facility. We would entertain your thoughts and ideas on such items. Please do not hesitate to voice new ideas or current issues to the board members. Current board members include;

Jerry Micho President michoboat@aol.com

Currently Open Vice President

Justin Endres Secretary wrjustin@earthlink.net

Joe Safran	Treasurer	Joe1Safran@aol.com
Jim Wright	At Large	Camsales@aol.com
Gary Rogers	Marina Manager	xwinds96@charter.com

We look forward to a great boating season. Tight lines and safe passage,

Crosswinds Marina Board of Directors
